MANY HOMES WILL GO UP IN BELMONT

More Than 500 People Visit Model
Home Over Week End and Num-
ber Will Purchase Houses

STREETS TO BE IMPROVED

Extension of Sewer and Gas, Water
and Electric Lines Under Way—
Improvement on Public Square

Between 12 and 15 new homes will
be erected this fall in the Belmont
addition, it was indicated today
by those in charge of the sale of lots
and home building program that is
now in full swing to develop that
portion of the city, by offering special
inducements to those interested.

A model cottage, costing \$1,450,
was completely furnished with new
furniture and opened for public in-
spection Sunday at Thirteenth and
Willow streets, which attracted hun-
dreds of people. A register was kept
and more than 500 names entered,
with several hundred people leaving
the house without registering.

Although no business was trans-
acted Sunday in the way of selling
lots or houses, it was indicated that
between 12 and 15 houses were
practically sold and the customers
will be signed up tonight.

The contractor for the houses is
E. B. Williams, who has completed
several of the cottages. The sale of
lots is in charge of T. L. Hech and
R. L. Tompkins, who recently pur-
chased all of the unsold lots in that
addition, and are offering them all
at the same price of \$150 each.

Mr. Williams began work this
morning on another house and will
commence Tuesday on another. The
houses are attractive, well built,
and contain four large rooms with
a veranda. He has a force of men
working, and only a short time is
required to complete a dwelling.

The crowds began early Sunday
and continued until after dark, visit-
ing the model cottage, which was
completely furnished. The register
revealed the names of people living
in Kokomo, Indianapolis, Richmond,
Connersville, Osgood, and many other
cities in Indiana, as being inter-
ested in the home development plan.

Work on the extension of sewer
and gas lines into the addition is
now under way. Electricity, water
and telephone service is also supplied
to the section. Petitions for im-
proved streets were being prepared,
and will be presented Tuesday night
to the city council, it is understood,
and already several sidewalk peti-
tions have been acted upon for that
section of the city.

The building at the corner of
First and Perkins streets, that was
used for a livery stable for many
years has given way to the automo-
bile age and has been thoroughly re-
novated and remodeled for D. H.
Stoops and Son, draymen and long
distance haulers, who have leased it.

The remodeling of the building is

HEAT OPPRESSIVE, TEMPERATURE 92

Mercury Mounts Over Sunday,
Causing Discomfort, But Cooler
Weather Is Promised

NO RAIN IS PREDICTED

Thunder Showers Bring Relief to
Mid-West — Goshen Doctor
Drowns in Lake Wawasee

High temperatures prevailed over
the week-end in Rush county, and
overcast skies today kept the sun
from continuing its attack, although
at noon it was 85 degrees. The high-
est reached over the week-end was
92 degrees, according to Elwood
Kirkwood of Maunzy, and the lowest
during the week-end was 55 degrees,
making a wide difference between
the night and day time tempera-
tures.

Although it was cloudy today, Mr.
Kirkwood stated that he did not ex-
pect any rainfall, and the weather
report states that it will be fair to-
night and Tuesday, with slightly
cooler weather tonight. The last two
weeks of August have been the driest
this summer, and have been excep-
tionally good corn weather. Roads
and garden produce are in need of
a rain.

Chicago, Aug. 31.—Overnight
thunder showers brought only slight
relief to the heat suffering mid-west
today.

Temperatures ranged into the
nineties over Sunday and were
climbing again today after a brief
few hours of wind and rain during
the night.

One death, that of Charles J. Sea-
burg, 77, was caused by the heat
here.

Conrad Dahmer, 13, died of sun-
stroke while working as a caddy on
a golf course at Ionia Mich.

Dr. Albert J. Irwin, 68, was killed
when a freak heat storm struck Lake
Wawasee, near Goshen, Ind. The
fury of the gale which upset the
doctor's fishing boat uprooted trees
and damaged several small buildings
but had all blown over in 15 minutes.

Thousands sought relief on Lake
Michigan bathing beaches Sunday.
Rain storms drove to cover those
who planned to sleep in the parks
and on fire escapes.

Goshen, Ind. Aug. 31.—The body of
Dr. Albert John Irwin, 68, who
drowned in Lake Wawasee during a
storm late Sunday, was brought here
today for burial after being recover-
ed from the waters of the lake.

Dr. Irwin, who was Republican
nominee for mayor of Goshen, and
J. J. Snyder, 50, a Goshen contrac-
tor, were fishing on the lake when
the storm struck with such sudden-
ness.

Court Bench to Practice Law

Indianapolis, Ind., Aug. 31.—(U.P.)—
Rumors that Judge Lewis Ewbank of
the state supreme court will resign
from the bench to take up the private
practice of law, gained strength
around the state house today.

today and at the governor's office,
it was stated no resignation had
been received.

Arthur Robinson of Indianapolis
has been suggested to Governor
Jackson as a successor in case Ew-
bank resigns.

A RELENTLESS TASK - MASTER

PILGRIMS OF NAHOR TO PICNIC LABOR DAY

Preliminary Arrangements Made For
Annual Outing to be Held Near
Greensburg

MEMBERS ALL OVER STATE

Preliminary arrangements have
been made for the annual picnic of
the Pilgrims of Nahor, which will be
held at Allen's Park near Greensburg
Labor Day, Sept. 7.

The announcement of the date and
place was made at the last meeting
held here June 27 and a record at-
tendance is anticipated. No formal
program will be attempted but the
day will be filled with various amuse-
ments and contests, with a basket
dinner at noon. Baseball, horseshoe
pitching and other games will be en-
gaged in, and a tug of war between
the Nimrods and Knights of L'Tmoth
will be staged. The owner of the
park, Estavan Allen, being a Nimrod,
the Nimrods are expecting to
fare better than at former meetings
where they have all been objects of
reproach, and are expecting some
special privileges at his hands.

The membership extends all over
the state and preparations are being
made by the members living at
Greensburg to extend hospitality to
all pilgrims and a large attendance
is assured. The committee in charge
is Estavan Allen, Bert Heifner, Ar-
lington; Roy Souders, Knightstown;
Nellie Hollywood, Indianapolis, and
Russell Price, city.

FORCE OF 25 MEN IS AT WORK

Forms Being Made for Foundation
of New School Building

A force of 25 men were at work
today on the new vocational and
physical education school building
at Eleventh street and Park boule-
vard, and by the last of the week,
the foundation will be well under
way.

The Shelby Construction company,
contractors for the building, started
operations last week by excavating
for the foundation, and because of
the enormous size of the building
and the vast amount of work in con-
nection with the foundation, a large
force was placed on the job. One
bunch of carpenters are busy work-
ing on the forms to be placed in the
trench for the foundation. With fav-
orable weather, the brick construc-
tion will be under way soon, and it is
understood that 18 brick layers will
be placed on the job.

PAUL LINTON NAMED TO SUCCEED L. A. LOCKWOOD

Former Principal at Pittsboro, Hen-
dricks County, Engaged to Fill
Carthage Vacancy

SCHOOLS OPEN IN A WEEK

Paul Linton has been named suc-
cessor to L. A. Lockwood, as school
principal at Carthage, according to
an announcement made today by B.
D. Farthing, county school superin-
tendent.

Mr. Lockwood resigned last week
as principal at Carthage to accept a
similar position in Rushville. The
new school head for Carthage was
highly recommended for the place
by the state department, and he has
had wide experience, having served
for a number of years as principal
at Pittsboro, in Hendricks county.
He decided not to teach this year,
but changed his mind recently, which
left him without an appointment, and
Mr. Passwater, township trustee,
and Mr. Farthing consider them-
selves fortunate in filling the vacancy.

Final arrangements will be made
this week for putting the schools of
the county in shape for the opening
next Monday. One or two places in
the teaching staff will be supplied. At
Arlington, Miss Harrington has re-
signed as economics teacher, and her
place has been filled by Mrs. Lettie
Woods. A place at New Salem also
will be supplied before school opens.
The Rushville city schools will not
open until a week later, September
14.

turned to her home in this city
from conducting a party of thirteen
women on a tour of Europe this
summer. Miss Coleman and Miss
Mary Sleeth, who was one of her
party, arrived in this city Sunday
morning.

This summer's tour was the fifth
which Miss Coleman has conducted
through Europe, the last four having
been as a representative of Bennett's

City. Other members of her party
besides Miss Sleeth, were Miss Fran-
ces Buschmann of Indianapolis,

N. Y., Miss Mary Lu Klein of Pekin,
Ill., Miss Blanch Stubble and Mrs.
Fern Wakefield of Bloomington, Ill.,

Miss Madge Allen of Mishawaka,
Ind., Mrs. Florence Clark of Elwood,
Ind., Miss Margaret Hook and Miss
Helen Arnold of Zanesville, O., Miss
Grace Warner of Washington, D. C.,
and Miss Abigail Roberts of Paris,
France.

The party visited in France, It-
aly, Switzerland, Holland and Eng-
land and many interesting places in
these countries were visited and
Miss Coleman's knowledge of art,
history and literature of the coun-
tries, especially fitted her to help
the members of her party enjoy the
trip.

They sailed June 18 on the S. S.
Pittsburgh for Europe and returned
to the United States on the S. S.
Hawthorne, arriving here August 30.

MINISTER ASSIGNED HERE

ren church of this city, according to

ments at the close of the annual ses-
sion of the White River conference
of the church in Indianapolis today.

Holman was prepared in the open
and in an unsanitary manner.

this morning of the death of his
mother, Mrs. Mary Kinsinger, eighty-
nine years old, at her home in
Morton, Illinois.

Mrs. Kinsinger, who has been a
widow for twenty-eight years, had
been seriously ill for over a year
and death had been expected daily
for some time. Dr. Kinsinger left

will be buried.

WALKOUT WILL BE COMPLETE BY NIGHT

Strike Will Culminate When 158,000
Anthracite Miners Have Laid
Down Their Tools

DIRECTED BY MINE LEADERS

Unusually Large Reserve of 7,500-
000 Tons Will Stave Off Famine,
it is Announced

Philadelphia, Aug. 31.—(U.P.)—Un-
ion officials today faced the gigantic
task of supervising the peaceful
stoppage of production in the an-
thracite coal fields.

Labor division commanders super-
vising an intricate military maneu-
ver, district heads and international
officers took their posts to direct final
preparations for the cessation of
work which will culminate at mid-
night tonight when 158,000 miners
are expected to have thrown down
their tools in an indefinite strike.

More than 50,000 workers have
already walked out of the mines not
to return until their leaders have
come to a satisfactory understand-
ing with the 183 anthracite miners
affected by the strike order.

How long the tie up will last un-
til an agreement is reached or the
public opinion intervenes to bring
about a resumption of work, neither
side could say.

Close observers however, have
hazarded the prediction that the in-
dustry will be tied up from two to
four months.

President Lewis of the mine work-
ers arrived early at his headquar-
ters here but there was little of
rush or bustle in the morning's work
at his office.

"There's nothing to say—nothing
to announce," Lewis told reporters.
"The strike is ordered and we are
just waiting."

Early today it was stated that
there were 7,500,000 tons of an-
thracite coal in storage bins, rail-
road yards, and tidewater points in
the middle Atlantic and New Eng-
land states. This unusually large re-
serve will stave off a coal famine.

Probably the first who will feel
the ill-effects of the cessation will
be 10,000 railroad workers in the
car repair yards, of the anthracite
fields. The cutting off of the coal
supply is likely to cause idleness
among these laborers.

Of the 160,000 union miners, only
10,000 will remain at work, these
to do maintenance work.

15,000 Men Will Strike

Mount Carmel, Pa., Aug. 31.—An-
thracite miners in this district were
removing their tools from the mines
today preparatory to the walkout
tonight. It is estimated that 15,000

UNION SERVICES COME TO CLOSE

Sermon at Last of Sunday Night
Services at Coliseum

PASTORS WELL PLEASED

O. P. Wamsley, Director of Chorus
Choir, Presented With Bouquet of
Roses—Special Musical Numbers

Services at Memorial park col-
iseum Sunday night marked the close
of union evening meetings once a
week, which are in vogue during the
summer months, and with all pastors
back from their vacations, prepara-
tions will be made this week for the
resumption of the regular routine of
services at the churches.

The Rev. H. W. Hargett delivered
the sermon at the last of the sum-
mer's union services, and the chorus
choir and soloists provided a pleas-
ing musical program.

The Rushville Ministerial associa-
tion, under whose auspices the union
services are held, has been well
pleased with the response during
the summer, as the meetings have
been better attended than ever be-
fore.

O. P. Wamsley, who organized
and directed the large chorus choir
which sang at each of the union
meetings, was presented with a large
bouquet of roses, Sunday night, as
an appreciation of his services. The
presentation was made by the Rev.
E. G. McKibben, pastor of the First
United Presbyterian church, who
complimented Mr. Wamsley for his
faithfulness in conducting the music
during the summer.

The Rev. Gibson Wilson, pastor of
the First Presbyterian church, pre-
sided at the meeting.

Special musical numbers were a
piano solo by Miss Mary Heaton of
the Little Flatrock Christian church,
a duet by the Holeman sisters on the
piano and violin of New Salem,
a flute solo by Albert Jinks of New
Salem and selections by the Rush-
ville Boosters quartet and choir.

Main Street Christian Church

Notwithstanding the extremely
warm morning, the Main Street
Christian church was well filled to
hear the message of its pastor, the
Rev. B. F. Caton, who spoke on the
subject "Association with Christ,"
reading as his text the fourth chap-
ter of Acts and the thirteenth verse;
"Now when they beheld the boldness
of Peter and John, and had perceived
that they were unlearned and ignor-
ant men, they marvelled; and they
took knowledge of them; that they
had been with Jesus."

AUTO SKIDS IN GRAVEL

Indianapolis, Ind., Aug. 31.—(U.P.)—
Auto accidents caused the injury of
fourteen persons in the state Sun-
day.

Miss Madeline Smith, Unionville,
Ky., was seriously injured and her
companion, Mrs. Howard Smith, of
Louisville, was slightly hurt when
their auto was ditched near Frank-
lin, Ind.

Another auto crowded them from
the road and sped away without
stopping. The injured women were
taken to a hospital in Louisville.

Mrs. Edward Stafford, 50, of El-
wood, suffered injuries which may
cause her death in an accident near
Westwood. The auto in which she
was riding struck a stretch of fresh
gravel and overturned.

Eleven were hurt, none seriously,
in a series of accidents in Indiana
police.

Fred Stubbs, Marshal Oliver and
Raymond Abre, of Indianapolis,
went to the police station to be
slated on charges of drunkenness
after a narrow escape from death
on the Fall Creek boulevard.

Their auto swerved from the road,
smashed through a fence and went
down a forty foot embankment. They
were unhurt.

UNION SERVICES COME TO A CLOSE

Continued from Page One

attended yesterday and greeted with cordiality and enthusiasm its superintendent, George C. Wyatt, who has just returned from a lengthy vacation in the Northwest. Plans are already under way in all departments of the church life to make the work this winter the most successful in the history of the church.

In his sermon from the above text, that notwithstanding circumstances and environment, character is what a person willingly determines to be. Even association with Jesus of Nazareth did not seem to do Judas any good, and yet when a man yields his life to a personality, a principle, a purpose, a truth, he is so effected thereby that he transmits the character of that personality, principle, purpose, truth, to whatever he touches.

"These men in Jerusalem took knowledge of Peter and John that they had been with Jesus," the pastor. "The boldness, the sympathy, the prayer life, the zeal of the Master was transmitted to them, and the man who today bears the type-mark of Jesus will think freely, speak boldly, pray often and earnestly and work diligently."

First United Presbyterian Church
The sermon on Sabbath morning was based on Galatians 3:8, "In these shall all the nations be blessed."

"This is a quotation from Genesis 12:3," the pastor, the Rev. B. R. McKibben, began. "It is also quoted by Peter in one of his pentecostal addresses. Paul uses it here to enforce the doctrine of justification by faith. It was spoken, originally, to Abraham at his call. Its author was Jehovah, the Christ of the Old Testament. The blessing here mentioned includes all others known to man. But I shall discuss God's plan for saving the world as it is stated in this text."

"This plan included all, all men, all nations, all families, and every individual. Directly or indirectly every good thing that comes to our world is in fulfillment of this promise. God's providences touches all. His rain falls on the just and the unjust. He gives to all life and breath and all things. His goodness is in-

tended to lead men to repentance. Even nature's laws are administered impartially and without discrimination. His love covers all. He loved Cain and warned him of his danger and, connected, self-mastery. He loved Pharaoh and used every means to persuade him to let his people go. He loved Judas and kept him in His fellowship until he betrayed Him with the kiss. Likewise it may be shown that He loves all men and nations, including our own. His offer extends to all. This was true in Old Testament times. Provision was made for the gentiles to identify themselves with His kingdom. And now the invitation is to all: And the promise is 'He that cometh to me I will in no wise cast out.'

"This plan to save the world has a method. It seems to be to establish a nucleus and to gather the saved around that as a center. According to this plan, He called Abraham. He was to establish a home, and worship God in it. He was to be a sojourner in the land promised to him. He was to teach his children after him. And though Isaac and Jacob and the twelve patriarchs the godly line was established. Then He called Israel to be a peculiar people, placing them in a central position to all the other nations. Finally He sent Jesus Christ into the world to gather to Himself all the saved. 'I, if I be lifted up, will draw all men unto me.' For this reason we make Him the central theme of our message. And this is the final plan. In a sense every Christian is to be a center of influence to draw men to Him."

"This Plan is being carried out today. We are in the midst of the conflict between Christ and Belial, between light and darkness, between sin and righteousness."

We can report, however, that progress has been made. The church has gone into every land. The Bible has been translated into hundreds of languages and dialects. A third of our race is nominally Christian. The stream of knowledge is widening and deepening. And the day is hastening when all shall know Him.

"As a church we have a part in carrying out this plan. In our four great missionary fields substantial nuclei have been established. And a communion of about 200,000 members has undertaken to give the gospel to 29,000,000 heathen. Then, as individuals we have a part. You are not asked to gain a victory, but to fight valiantly. You are not to succeed, but to be found faithful. You are not to do the easy and pleasant thing, but to do whatever He commands you. You are to set an example that any child may follow with safety."

Two Seaplanes Due to Leave San Francisco Late Today

San Francisco, Aug. 31—Two bulky seaplanes, each displacing as much water as a fair-sized motor boat will lurch through shallow waters of an arm of San Francisco bay at 2 p. m., today, and take the air, proves pointed westward.

Out through the towering cliffs of the Golden Gate they will soar on and across the Pacific attempting to set a new record for naval aviation by a non-stop flight to Hawaii over 2,000 miles away.

They will leave behind the seaplanes P-3-1, which had been scheduled to be with them. But the P-3-1 developed internal troubles on the trip down the coast from Seattle and is expected to leave tomorrow or Wednesday on a solo flight to the Hawaiians.

holy. Psalm 99:5.Prayer:—Help us, Lord, to
worship Thee in the beauty of
holiness, and then we shall be-
come Thy workmanship and so
exalt Thee.**Individual The Unit**The responsibility of the individ-
ual was never greater than now, yet
there has been a growing disposi-
tion to let governments, whether
they be national, state or local,
function in all matters, and blame
this intangible thing called govern-
ment if anything goes awry.There never has been a time in
the affairs of the people of this
country when a higher standard of
individual character and conduct
was essential than now.Determined influences are being
exercised to undermine the regard of
the individual for the very laws
which the individuals, collectively,
through their representatives, have
enacted as rules of their own con-
duct and relations to one another.If a clear understanding of indi-
vidual responsibility in matters af-
fecting the common good could be
gained, there would never be even
the remote possibility of failure in
any worthy undertaking.Neither would there be any failure
in the community, the state or the
home of the effort to establish and
maintain harmonious conditions.
This happy realization is not always
reached, but this is because some in-
dividual, or group of individuals, are
unable or unwilling to contribute un-
selfishly to the total.The failure of most community
enterprises is in large measure due
to the unwillingness of some individ-
uals to realize their responsibility
to the community and to bear their
share of it.The communities that get ahead
are those where the merchants, the
professional men, the laboring men
and all other groups have a deep
sense of their individual obligation
to the community, which is their
home, and endeavor to live up to it.**This at Least is Fair**The Indianapolis Star announces

here all along as a bid for the
reputation of a regular "heller"—
a chap who jumped right into the
middle of a bad situation, which
others had deplored for years with-
out being able to do anything
about it, and straightened it out
in jig time.Very few politicians believe
Dawes cared much about the Sen-
ate rules, in and for themselves,
one way or the other. They thinkhe simply wanted to create a sen-
sation by doing something strenu-
ous, and the Senate rules were
handy.**THE trouble is, the vice pres-**
ident's performance requires a
climax, in order to be impres-
sive, and there isn't going to be
any. That's generally agreed.
Now, up to date, has it proved a
particularly popular situation.
The public hasn't "enthused" over
it, it certainly makes no hit among
the senators, and President Cool-
idge, and his advisors regard it
with cold indifference. They don't
like Dawes very well anyway.Senator Moses estimates that 20

LOCALS DIVIDE DOUBLE HEADER

Loss to Reformatory Team in Morning Game With Weakened Lineup and Win in Afternoon

ANDERSON REMYS WHIPPED

Tail Lights Held Scoreless Until the Eighth When They Went on a Batting Spree

Rushville divided a double header Sunday while they were invading Madison county, dropping the morning game to the Reformatory Boys at Pendleton, 6-2, and defeating the Anderson Remys in the afternoon game, 7-2.

In the morning game Rushville presented a patched up lineup, with the team playing positions that they have not played in this season. Byrnes had to leave the game in the fourth inning and Pearsey was injured so badly that he left the game in the fifth inning. Castleman pitched fine ball but ragged fielding behind him accounted for several of the runs. Another thing that bothered the local players was the wall. A ball hit against the wall was still in play and unless the fielder was a good ball player and could figure the angle of the hit, the runner would get extra bases. Tate hit a ball for a triple in this way. The reformatory has a great team and would not doubt have beaten our boys had all things been equal, by a very close score. A Joyce, Byrnes, and Castleman each collected two hits and McCarty smacked one out for a two-bagger.

In the afternoon game at Anderson, Rushville was held scoreless until the eighth inning when the big fireworks started. Max Pearsey started this session off with a three base hit in deep center and when the smoke had cleared the entire team had batted around and four runs had been scored. Not satisfied with this, the local team came back in the ninth for more and Max Pearsey again started things with a two base hit well placed and with four other men of the team securing hits, the locals ran in three more runs. Shaw pitched a masterful game and had the Anderson team at his mercy throughout. Anderson only scored in the fourth and eighth, each time the runner getting on by an error by one of the locals. M. Joyce starred in the field, putting on one of the best fielding exhibitions by any Rushville man this year. He had a perfect day with five difficult chances. McCarty at first was a sensation. Mac had a great afternoon with eleven accepted chances and no errors. One of the plays Mac had to almost reach to second to gather in, but he was right there and got it. A Joyce at short picked several out of the dirt and received a good hand on several of his plays. Castleman and Byrnes each got three hits and McCarty, Pearsey and Shaw delivered with two apiece. All in all it was a great afternoon for the locals and every man was responsible for the victory and as one Anderson fan remarked "Rushville has one of the best fighting teams seen in Anderson for a long time."

The Anderson team was strong on defense until the eighth inning and gave Wetsel fine support. For Anderson Van Metre, Ehle, Bell and Johnson wear the big noise. About eight hundred fans witnessed the game and Rushville was accorded fine treatment.

The Tail Lights have two good games ahead of them, playing a return game at Newcastle next Sunday, meeting the Chrysler team, and on next Monday, Labor Day, the Betsy Ross team of Connersville will be the attraction here.

The game with the Relay team at Anderson Sunday, play by play, is as follows:

FANNING WITH ARRELL

Weak in Tennis Doubles

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Aug. 31.—Weakness of American tennis in doubles play was shown rather strikingly again when the English Wightman Cup team defeated the Americans for the second year in succession.

The inability of the American women to win even one of the doubles matches caused their second defeat in the three matches that have been played for the cup.

It has been no secret that Americans haven't developed their doubles play to the same degree of skill and efficiency that has been accomplished in singles competition and officials of the tennis association are frankly alarmed.

As the weakness in doubles play among the women players has resulted in the loss of the Wightman Cup, the same weakness among the men players may eventually cause the loss of the classic Davis Cup.

It was plain to be seen from the care with which the officials went about the selection of a Davis Cup doubles pair that they were not positive that the cup this year would not hang on the doubles match.

The weakness in American doubles probably is the result of a lack of interest in pair playing in this country. It is plainly apparent that the English players know more about the doubles because they have studied it. There is no system to the American game. They play like a pair of singles players instead of working up some kind of a systematic plan.

single scoring Sharpe. McCarty out at first.

Three runs, five hits, no errors.

Remys—Johnson fanned; Ehle flied out to Sharpe; Kuhn out to McCarty.

No runs, no hits, no errors.

Owing to the wide area over which American tennis strength is distributed, it is difficult to get two players together enough to develop a trained team. With the exception of Dick Williams and Watson Washburn and the Kinsey Brothers, there are no American stars who have taken doubles seriously enough to make a real effort to form a winning combination.

Bill Tilden cares very little for doubles and he follows the game merely as a means of tutoring some young protegee. Against the protest of officials, Tilden has been playing with young Sandy Weiner, the Philadelphia boy.

The association wanted him to pick a partner from the Davis Cup players and practice through a season to get ready for the cup matches, but he has consistently refused to do it.

Doubles competition in England is a part of the social life and it is for that reason perhaps that the English players are so much more skilled in this department of the game than the Americans are.

Tennis had a hard time educating the public to the belief that it wasn't a sissy game but the education has become very thorough. So thorough in fact that tennis galleries are now becoming as hard-boiled as a baseball crowd or a fight mob.

Officials were astounded during the recent Wightman Cup matches when the crowd razed the umpires and the linesman for poor decisions with all the fervor of a baseball crowd that yells for the scalp of an umpire.

SPORT CHATTER

South Bend, Ind.—Knute Rockne, famous football coach of Notre Dame, has gone to the north woods to recuperate from a threatened nervous breakdown. His condition is not alarming, physicians said.

Chicago—Mike Cvangros, White Sox pitcher and Jim Mallonee, recent outfielder, have been released to the New Orleans club of the Southern Association. The former was released outright and Malonee is under option, and may be re-called next year. Cvangros, a left hander, worked with the Sox for three years with indifferent success.

Brooklyn, N. Y.—The Brooklyn Dodgers baseball club today announced the purchase of C. Gorgan, 23-year old shortstop of the Wichita, Kans., club of the Western League. Gorgan played with the University of Arkansas team in 1923, and batted .308 with Wichita this season. He will probably join the Brooklyn club in St. Louis, it was said.

Cape Gris Nez—The English channel was quiet today after its stormy mood of the weekend and Miss Gertrude Ederle, American swimmer, planned to start at 7:31 a. m., Wednesday on her second attempt to master it. There was a possibility even that tomorrow she would accompany I. Helmy, Egyptian swimmer, on his proposed take off at 6:37.

Folkstone—G. B. Brewster, British swimmer, started at 11:40 a. m., in an attempt to swim the channel. Conditions were favorable but the water was cold.

His attempt followed the unsuccessful effort of Mercedes Gleitz, London stenographer, yesterday, to cross from Folkstone.

Starting at 5 o'clock in the morning, Miss Gleitz, making her second attempt within a fortnight, was forced five hours later to give up off South Sands head, 11 miles eastward, because of cold water.

KEEPING ONE EYE ON THE SCORE BOARD

Yesterday's Hero: Sam Rice, veteran Washington outfielder, tripled with the bases filled and beat the White Sox 9-6.

Fewster's double in the ninth drove in the run that gave the Indians a 2 to 1 victory over the Red Sox.

Wildness by Walberg and Rommel helped the Tigers beat the Athletics 7 to 4. It was Philadelphia's sixth consecutive defeat.

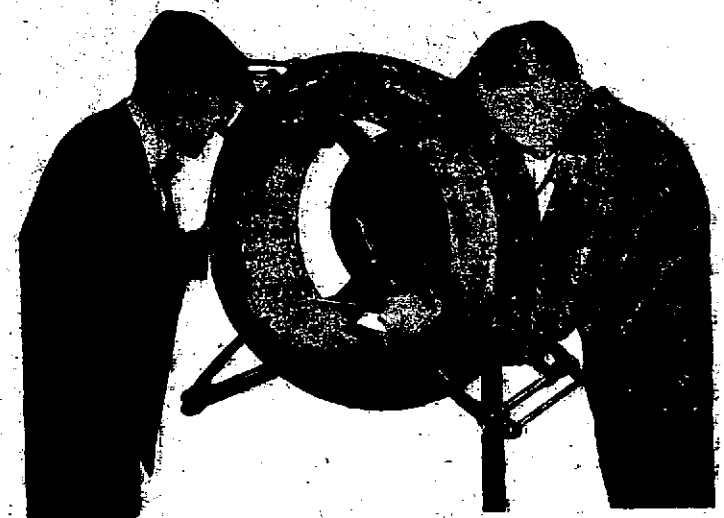

Hargreaves' double gave the Red Sox a 4 to 3 victory over the Reds in the first game and Zach Wheat's homer won the second game 10-8.

Helped by three errors by Waininger, the Browns beat the Yankees 7 to 6.
